Route U.S. 90
Jefferson Parish, LA

Interested contractors are advised that the Louisiana Department of Transportation and Development (LA DOTD), will host an Informational Meeting for the above subject project. The meeting will be held from **1:30 to 3:00 PM** on **Wednesday, October 17, 2007** at the LA DOTD Auditorium located at 1201 Capitol Access Road, Baton Rouge, Louisiana.

The Huey P. Long Bridge, constructed in 1935, carries both rail and highway traffic across the Mississippi River. The Widening Project consists of the widening of the existing main bridge truss spans and substructure and constructing new approaches. This Informational Meeting is to discuss the upcoming contract for the New Approaches and Main Span Deck Widening, for which bids are currently scheduled to be submitted on February 20, 2008. The project is funded with state TIMED funds and is not subject to "Buy America" requirements.

For questions, please contact Mr. Juan Murillo, P.E., of Louisiana TIMED Managers at 225-906-1424. Draft Plans and Specifications for informational purposes will be distributed via CD/DVD to those interested by request by contacting cindy.henry@latimedmgrs.com.

Further information may be found on the TIMED Program website <http://www.timedla.com/contractor/> and on the LA DOTD's website <http://www.dotd.la.gov>
